M/C MILLENNIUM

ITINERARY D / MONDAY TO FRIDAY

5D / 4N - DAY BY DAY PROGRAM

DAY 1 MONDAY: NORTH SEYMOUR

Your flight arrives at noon from Quito or Guayaquil to Baltra Airport. After lunch on board, we will anchor on the island of North Seymour; here you can appreciate the largest colony of frigate birds living together with swallow-tailed gulls and pelicans. North Seymour is also home to a group of large, old land iguanas that were brought here many years ago from the nearby island of Baltra. A small endemic tree called bursera malacophylla, is found only here and on three small neighboring islands. In the afternoon you will witness a special spectacle: Sea lions surf on the big, oncoming waves from the west. Dinner and overnight on board.

DAY 2 TUESDAY: BARTOLOME – SULLIVAN BAY

The small island of Bartolomé, at the east of James Island, is one of the most photographed places in the archipelago because its pinnacle rock. This young island keeps a whole series of dramatic volcanic formations, a moon-like landscape with small tuff cones and lava tubes. The various rocks have served the pilots of the U.S. Air Force as targets for target practice during the Second World War. Bartolomé has two beaches, which are separated by a narrow mangrove belt. In the northern beach you will have the chance of swim and snorkel, there are often penguins swimming too. In the south coast live reef sharks and rays and from January to March nesting green turtles are here.

Sullivan Bay, at the east of Santiago Island, is known for its distinctive lava formations. In the evening you can once again swim in the sea or snorkel with the sea lions. Dinner and overnight on board.

DAY 3 WEDNESDAY: BACHAS BEACH – CERRO DRAGON

This visit takes you to the Bachas Beach on the north coast of Santa Cruz. It is one of the most important nesting beaches for sea turtles. Behind the dunes, in the small lagoon to flamingos, stilts and bahama ducks can be observed. The wide beach is ideal for swimming and snorkeling. After lunch on board the ship takes Rate Southwest. This excursion takes you to Dragon Mountain, Cerro Dragon. Here are living in the last one- vegetation land iguanas of Santa Cruz Island. Dinner and overnight on board.

DAY 4 THURSDAY: PLAZA ISLAND – SANTA FE

At dawn you reach the Plaza Island. It is thanks to the powerful Opuntia cacti and bright orange - red Sesuvium shrubs a surprisingly colorful island where the land iguanas dominate the field. A small sea lion colony lives at the cliffs on the south coast. The avifauna offers besides the brown pelican, tropic birds, swallow-tailed gulls, frigate birds, blue-footed and Nazca boobies.

Spend the afternoon on the island of Santa Fe. This is one of the most picturesque anchorages of the archipelago, where you can swim with sea lions and sea turtles. Dinner and overnight on board.

DAY 5 FRIDAY: INTERPRETATION CENTER – SAN CRISTOBAL AIRPORT

Puerto Baquerizo Moreno, the administrative center of the archipelago, is at San Cristobal. There, you will visit the newly built visitor center. It shows an excellent exhibition about the nature and settlement history of the Galapagos.

Around midday you will fly from San Cristobal Airport back to mainland, to Guayaquil or Quito.
